SKILLS

Expertise in graphic and UX design. Expert skill level with Adobe CC, specifically Photoshop, Illustrator, InDesign, Premiere, and After Effects. Over four years of corporate communications experience. Over two years of classroom experience. Additional proficiency with MS Office, Microsoft SharePoint, video pre- and post-production, and event/portrait photography. Experience with tradeshow booth design/management and event marketing. Additional skills include copywriting, editing copy, and acting as a Scrum Master on an Agile team.

Responsibilities include developing graphics and animated videos for an internal IRS website, managing said SharePoint site, developing a communications plan to announce and implement an enterprise-wide IT modernization effort, and acting as the Scrum Master for the Agile Central team.

October 2021 - Current

Responsibilities included building/testing the UX on an internal IRS Sharepoint site, creating graphics/presentations for Agile training, and creating animated videos to demonstrate Agile concepts to IRS employees. Additional responsibilities included copy-editing blogs/trainings and development of a brand for the Agile Central team.

September 2020 - September 2021 (One Year Contract)

Responsibilities included creating a variety of print/digital materials - from printed quarterly impact reports to graphic/UX elements for the organization's website to animated videos. Refreshed brand identity across email marketing and social media. Managed design identity/branding for multiple fundraising campaigns and events.

February 2020 - September 2020

Worked in a variety of roles on the corporate communications team at SAIC. Created graphics for both internal and external-facing materials, across a variety of print and digital media. Additional duties included video pre- and post-production, video scriptwriting, event and portrait photography, copywriting for external facing company website, 2D GFX animation, and tradeshow booth design and management for both large and small industry events.

May 2016 - February 2020

Taught multiple classes a week for grades 3-12 in art foundation and comic book composition. Administrative duties included organizing special events, email/social-marketing, and management of clientele directory. Designed all print collateral and published print ads in local publications. Redesigned the UX on the school's website.

August 2014 - June 2016
